Our 5-star principle

All Jungheinrich JUNGSTARS leaving our Used Forklift Refurbishment Facility fulfill the high demands of our 5-star quality standards.

A 5-star refurbishment process providing 5-star quality forklifts you can rely on. So what do the 5-stars in our Jungheinrich JUNGSTARS mean for you?

Star 1: Safety

All Jungheinrich JUNGSTARS leaving our refurbishment centre meet the latest standards of appropriate safety regulations.

Star 2: Technology

Only when all technical components of a forklift truck are fully functionable can the machine operate at its optimum capacity. Therefore we go into the minutest technical detail when systematically refurbishing all of our forklift trucks.

Star 3: Appearance

After rigorous deep cleaning and professional detailed repainting of the vehicles and their components, even experts find it hard to tell the difference between Jungheinrich JUNGSTARS and brand-new forklift trucks.

Star 4: Reliability

We are the only company in our industry to provide a full disassembly of the vehicle including exchange or refurbishment of every technical, mechanical and hydraulic component. You will not find a more reliable used forklift than a Jungheinrich JUNGSTAR - this can drastically reduce downtime and follow-up costs for you and your business.

Star 5: Sustainability

Our refurbishment of used forklifts significantly reduces consumption of resources and energy. Compared to the production of a brand-new truck 80% of CO₂ is saved. Moreover, we guarantee a professional and environmentally-friendly disposal of operating fluids and any vehicles that are no longer fit for purpose.

Your advantages

Although our 5-star principle behind the Jungheinrich JUNGSTARS concept stands for: Safety, Technology, Appearance, Reliability and Sustainability - there are many more benefits for you:

Great value: As good as new, but with significantly lower costs. JUNGSTARS save money.

Great variety: We have the right solution for your individual needs. Around 60,000 used trucks in more than 600 variations are ready and available.

Fast delivery: We guarantee fast delivery. Many of our JUNGSTARS can be shipped immediately.

Reduced maintenance costs: Refurbished or replaced components, e.g. the battery, protect you from unexpected ongoing high follow-up or replacement costs.

Quick anytime nationwide support: Jungheinrich has one of the industry's most comprehensive nationwide service networks at your disposal.

Always taken care of: We guarantee the availability of genuine spare parts for the entire lifecycle of your truck.

Finance options: We offer a wide range of financial options.

Expert service: Extensive service offerings and more than 30 years experience in refurbishing forklifts.

Dependable: Industrially refurbished trucks perform reliably. Unplanned downtimes are avoided.

Technical safety: Our safety features always meet the latest directives and safety regulations. There is no need for any modifications or supplementary additions.

For tough applications: Due to the industrial refurbishment and testing of all components, our JUNGSTARS are in perfect condition for rock-hard operations.

Environmentally friendly: Compared to new truck production, our refurbishment process saves 80% of CO₂. We also ensure environmentally-friendly disposal of any operating fluids in the process.

Motivated drivers: Clean trucks for spotless performance. 'As new' trucks with contemporary features create a motivating, pleasant working environment for the driver. Drivers are motivated not only to handle the truck with care but also to increase productivity.

Resale value: Due to our high-end refurbishment our JUNGSTARS maintain a higher resale value than others.
