## Corporate Carbon Footprint 2019

according to GHG Protocol - A Corporate Accounting and Reporting Standard (<https://ghgprotocol.org/>)

The Corporate Carbon Footprint was verified by TÜV NORD CERT GmbH in accordance with DIN EN ISO 14064-3: 2020 regarding its correctness and completeness for

**Jungheinrich AG**  
Friedrich-Ebert-Damm 129  
22047 Hamburg  
Germany

**with the sites according to the annex**

Acting as an independent Certification Body TÜV NORD CERT GmbH has verified the Corporate Carbon Footprint of the organization for the reporting period **01.01.2019 - 31.12.2019**

to be **2.788.571 t CO<sub>2</sub>e**.

The level of assurance is reasonable. The Corporate Carbon Footprint includes Scopes 1, 2 (market-based approach) and 3. The calculation of the Corporate Carbon Footprint comprises of emissions arising from  
Scope 1: Direct greenhouse gas emissions from stationary and mobile combustion, emissions and direct withdrawals from processes (welding and protective gases), fugitive emissions (SF<sub>6</sub>, solvents and refrigerants).  
Scope 2: Indirect greenhouse gas emissions from imported energy (electricity and district heat, market-based approach).  
Scope 3: All other indirect greenhouse gas emissions from fuel and energy-related emissions, upstream transport and distribution of goods, downstream transport and distribution of goods, business travel, commuter traffic, procured goods and services, capital goods, waste disposal/recycling, upstream leased assets, downstream leased assets, product use phase, product lifetime phase and investments.
