standard truck. Different tyres, other masts, additional equipment etc. may result in different values.

VDI no. 4.9: the height applies to the jetPILOT
VDI no. 4.12: the value for the coupling height applies to a single plug-in coupling. Other coupling heights are available - VDI no. 4.19: as different coupling systems are available, the specification applies to the overall length including a single VDI no. 5.1: see tow load diagram
VDI no. 5.5: this value is the rated drawbar pull
VDI no. 5.6: see tow load diagram

The German production facilities in Norderstedt, Moosburg and Landsberg are certified as well as our Genuine Parts Center in Kaltenkirchen.

Jungheinrich fork lift trucks meet European safety requirements.
