Used trucks, the Jungheinrich way.

How to find exactly the right used truck for your needs – and your budget.

- Why choose a used truck from Jungheinrich?
- How do we recondition our used trucks for you?
- What advantages do our used trucks offer you?

Jungheinrich JUNGSTARS – even more used truck for your money.

Whether for occasional short-term use or daily peak performance, we guarantee the optimum used truck for your needs. Take advantage of our wide selection of used trucks, professionally and consistently reconditioned to a high standard.

Thoroughly inspected.

Our used trucks are thoroughly inspected, repaired and reconditioned so that they are almost indistinguishable from new trucks.

Cost effective.

The scope of reconditioning is specifically tailored based on individual assessment, keeping costs low without compromising safety and functionality.

Robust and durable.

Our trucks are designed for the rigours of everyday use: robust, powerful and built to remain operational even under intensive workloads, with a suitable energy package.

Quick availability.

With around 60,000 used trucks in approximately 600 variants, we can quickly find the right model for your needs.

Service and warranty.

All used trucks are fully serviceable. You benefit from our extensive service network and can extend your warranty with a service contract.

Sustainability.

Our used trucks boast an impressive reuse and recycling rate of up to 99% and approximately 80% lower CO₂e emissions, making a strong contribution to your sustainability goals.

The right truck for you.

JUNGSTARS are used trucks backed by the Jungheinrich quality promise. We offer only used trucks that have been technically inspected and are in a safe operating condition.

You can choose between used trucks that offer maximum cost efficiency and those that prioritise a premium remanufacturing. Discover how our JUNGSTARS differ in their reconditioning process.

Our offer	JUNGSTARS Economy with maximum cost efficiency	JUNGSTARS with premium remanufacturing
Refurbishing	Comprehensive refurbishment: We systematically inspect and overhaul all critical components and replace them as needed.	Remanufacturing: We completely disassemble the truck and rebuild it from scratch.
Appearance	Clean & functional: We professionally clean the forklift truck and partially repaint it.	Like new: We sandblast and repaint the truck.
Components	Smart parts mix: We primarily use inspected and reconditioned used parts.	Premium parts mix: We use inspected, reconditioned and new spare parts.
Ideal for anyone looking for an absolutely reliable truck with a refurbished look at the best possible price.	... anyone looking for a high-performance, like-new truck with a perfect appearance at a used-truck price.
