Electric four wheel counterbalance forklift truck

CBH 2.0–3.5

Lift height: 3300-4800 mm / Load capacity: 2000-3000 kg

li-ion

CBH 2.0–3.5

Trucks that simply work.

Built for use in changing environments.

The AntOn by Jungheinrich CBH electric forklift truck combines what counts for daily operation: robust technology, easy handling and reliable performance.
Whether in the warehouse, outdoors or at the loading ramp: the CBH is versatile and delivers exactly where it is needed. This electric forklift truck will always make your job easier – from internal transport, manoeuvrable applications in confined spaces and the rapid loading and unloading of HGVs.
It excels not only in daily use but also through its fast availability and a price/performance ratio that makes transitioning to electromobility particularly appealing.

With three carefully designed equipment variants and advanced lithium-ion power, the CBH offers exactly the flexibility your company needs today, making the choice easy – a forklift truck that simply works.

All benefits at a glance

- Reliable technology for everyday use.
- Three equipment variants for a wide range of requirements.
- Simple operation for comfortable handling.
- Lithium-ion technology for fast charging and consistent performance.
- High availability for fast delivery.

Versatile

Functional power for every job.

- Two capacity options, each available in three equipment variants to match different applications, needs and budgets.
- Compact and highly manoeuvrable – even in tight spaces.
- Large tyres and high ground clearance for outdoor use on uneven ground.
- Flexible charging options via an external or built-in charger, depending on the model.
- Travel speeds up to 17 km/h for more efficient working.

Straightforward

Intuitive technology that makes work easier.

- LED display with all key info at a glance.
- Simple control elements – from the control panel and comfortable pedal to the water-resistant charging port.
- Optimum visibility for safer daily operation.
- Ergonomic operator position with adjustable steering wheel and, depending on the variant, comfort seat and generous legroom.

Cost-effective

Solutions for every task and every budget.

- Maintenance-free 80-V lithium-ion battery for long service life and short charging pauses.
- Rapid lift speeds save time with every application.
- High availability and cost-efficient acquisition.
- Fast spare parts supply keeps your operations running smoothly.
